Contractor shall notify the Building Inspector twenty-four hours in advance for all inspections, and shall receive written approval on inspection card before proceeding with successive phases of the job.

THE INSPECTION CARD SHALL BE PLACED IN A CONSPICUOUS LOCATION ON THE CONSTRUCTION SITE VISIBLE TO STREET OBSERVATION.

It is the responsibility of the applicant to show proper designation of setback and building grades of structures, wells & septic systems.

No work of any manner whatsoever shall be done that will obstruct the natural flow of existing water course, causing a drainage problem.

**THIS PERMIT IS NOT TRANSFERABLE**
